- We have the chance in Landulph to create the best Community Orchard in the Duchy of Cornwall
- We have a unique location at Landulph Church by the banks of the River Tamar in the AONB
- Two Fields the could be called “The Dukes Field” & “The Duchesses Field” (who knows as they might come and open them!)
- The chance to refurbish an Ancient Pond
- Create a peaceful space and also somewhere for celebrating all that is good in the Countryside
- The difficult part as in “The Land” has been donated

# What is a Community Orchard? Government Definition

- An orchard is a collection of fruit and, sometimes, nut trees often planted among grass full of wild flowers. Just as traditional orchards were often the centre of village life and a cornerstone of the rural economy, community orchards are excellent places for people to come together to plant and cultivate local and unusual varieties of fruit trees and to use as the focal point for community activities such as Apple Day, open air plays, picnics, story-telling events or festivals or as a green haven in which to relax and wind-down.

# Our Community Orchard?

- We are creating a new community space for our parish, for local residents and visitors to enjoy. The space is home to a young orchard of local heritage varieties and as the trees are growing so is the role of the orchard in bringing the local community together as a Working Group under the parish council
- The orchard is an important space for wildlife, home to wild flowers, bats and nesting birds It is always to the public, safe for children where families who lack their own outdoor area can enjoy nature at no cost.
- Our membership is open to all and we are sustained through fundraising efforts, grant applications via the parish council and support from Farming in Protected Landscapes (FIPL) via The Best Family from Marsh Farm Partnerships and The Duchy of Cornwall
