Your guide to what's happening in the area

Issue no. 93 June/July 2021

Parish Council 23 April and 5 May

Given that there were four parish council meetings in the last cycle, you might have expected there to be nothing to talk about. However, the agenda for the 23 April meeting was surprisingly full, and spilled out into the extra meeting on 5 May. There were a few 'other matters', but the bulk of the discussion was on planning issues. 'Other matters' started with an agreement to write to HM Queen Elizabeth giving the parish's condolences on the death of Prince Phillip. The letter would reminisce about the royal visit to the parish in 1962. Phillip showed great interest in the tomb of the last Christian emperor of Greece – probably his 28-times great uncle! The Recreation Ground barrier by the car park has been fixed. The next safety assessment is due in June, but Councillor Braund noted that the swings creak. The Chair noted that he regularly received compliments on the facilities.

The Holme oak at North Wayton had been felled, but a slice of the trunk had been saved and donated to the school as a teaching aid. The tall pines at the back of the school field were becoming a concern, because of falling cones and mess from the large crow population. A working group was required to update the footpaths booklet, and Morton Macleod and the Butchers had offered help with Marcia Pirie updating illustrations. The Butchers had met two of the elusive crab tilers during a walk around Neale Point. There were two 'patches' of tiles, one from Weir Point to Parsons Quay and the other from Parsons Quay to Kingsmill. The first of these was checked three and four times a year, but the second was checked weekly. All crabs taken were for 'personal' use.

Climate Change Committee: The Terms of Reference and Constitution of this Council sub-group were approved. The group reported that Cornwall currently has just 17 rapid charging points for electric cars though this should increase to 150 soon. It costs twice as much to use a rapid charger as it does to do it at home, but grants are available to install points. 25% to 35% of homes in Cornwall are unsuitable for the installation of home charging points, so public points remain important. Discussions about points at the Memorial Hall are ongoing.

Planning The Council resolved to support the retention of a 'local worker' restriction on a house in the parish. The condition required the occupant to do 25 days' work a year in or near the parish. It had been argued that the restriction was no longer relevant. The Affordable Housing Team had advised against removal.

For the plans to build nine houses at the top of Coombe Drive, only three councillors were left once those with a declared interest had

left. This was noted as the largest application received for years. Changes had been made following earlier criticisms, but the council was concerned about the overall impact of the development, and it was not in keeping with the village. The vote was two against with one abstention.

With a pre-application advice for plans to build houses to the North of Coombe Drive, and the pending appeal on the development at Rosehill Nurseries, the cumulative effect of the rash of large building applications was becoming a serious concern. The Rosehill appeal might give insight into the need (or lack of need) for affordable housing in the area. STOP PRESS: The Rosehill Nursery appeal has been turned down.

Coming under Planning but not actually a planning application was the Marine Management Organisation's consultation process for the Yacht Club's refurbishment of the causeway. Twenty lorry loads of local stone were needed, spread along the causeway to return its height to 6 inches above the mud. This was accepted without comments.

By the time you read this, the local elections will be history. Councillors Butcher, Craddick and Holmes have stood down. The

other five, Councillors Gaye Braund, Peter Braund, Martin Worth, Marilyn Dennis and Libby Gawith were elected uncontested. Thanks were given to the three departing councillors, as well as Cornwall Councillors Sam Tamlin and Jesse Foot who both attended the meeting. Councillor Butcher thanked Councillor Worth for his efforts as Chair during the current council.

The Chair finally noted that a Cargreen village celebration was planned on 10 July. This would be held at the Yacht Club so that there would be access to toilets!

Peter Plume

Parish Council 17 May

There has been a legal decision that, after 10 May, any council meeting requiring a vote must be open and visible. There is a legal challenge to this, since Zoom has been such a success. However a formal move to on-line meetings poses some interesting and detailed technical challenges. Whatever, the new Landulph Parish Council held its first formal meeting face-to-face under the Yacht Club awning on 17 May, making the most of the early evening sun.

The meeting was actually two in one. First was the Annual Parish Assembly, with five councillors, one clerk and five members of the public present. The Chair reported very positive achievements over the last two years, including increased planning scrutiny, IT developments, a focus on the Under-5s group and recreation ground, the creation of the Landulph Climate Action Working Group and development of the Emergency Plan. The community response to the Covid-19 situation had been outstanding, and had been supplemented by an important but much less visible medical support group. Finally the incredible response to the Community Broadband initiative had left OpenReach open mouthed! The Public were obviously

impressed and there were no questions in the Public Forum, so the meeting closed early and turned itself into the Annual Meeting of Landulph Parish Council.

This started with a query from a member of the public about the recording of a planning decision at the last meeting. The approval of the minutes therefore took longer than expected, and resulted in a decision for the Clerk to review the comments and take further advice. Councillor Worth was re-elected as Chair. The Council then agreed that tradition should be respected, and the newest councillor should be appointed as Vice-Chair. A meteoric rise to power for Councillor Gawith! However, the appointment of members to sub-committees was postponed until the remaining two council places could be filled.

Landulph Parish Day; The council voted to provide funds for the entertainment throughout the day at the event, 10 July. The funds will come from the donation to the village from the Dawn French filming a couple of years ago. Councillors thought it important to emphasise that the event was inclusive for all parishioners, and not just for those at the Yacht Club where it will be held.

There was more discussion about the process for co-option of additional members for the PC. Most importantly, a call for people to apply was needed, and would be published on noticeboards, on social media and in this Newsletter (see p14). By this point the public was getting cold, so the meetings finished after just 1½ hours.

Martin Worth – County Councillor

Landulph Parish Council Chairman, Martin Worth (Conservative), became a Cornwall County Councillor in the recent elections. The Conservatives now have overall control of Cornwall and Martin was immediately appointed Deputy Cabinet Councillor for Transport. He will continue as Chairman of the Parish Council, having been re-elected at the recent Annual Meeting. In addition to transport, Martin will be taking an active interest in business and technology policy.

Big jump in Parish precept

The Parish precept – the part of your rates bill that goes to the parish, has increased by nearly 50 per cent this year. This is considerably more than previous years and far higher than other local parishes. However, it must be remembered that the Parish precept is only a very small part of home owners' overall rates bill.

The headline figure has risen to £24,957 from £16,642, an increase of £8,314. The main reason for the rise has been a big increase in the provision for the cost of repairs to the playground (from £1,794 to £4,500) and the money allocated to the fund for the eventual replacement of the playground (from £1,861 to £3,000). More money has also been set aside to fund community projects (from £1,500 to

£3,000). A sum of £1,000 has been set aside for the cost of replacing Parish noticeboards.

The increase means a Band D property will pay a precept of £36.41 this year compared to £16.60 last year. Full details of the precept are available on the Parish Council website www.landulph.org. Look for Reports, Policies and Documents.

Landulph Under Fives

The children have been enjoying learning about recycling and the environment this half term. They have made frogs out of yoghurt pots, learnt what household items we can recycle, made pictures and collages with leaves and other things they have found in the natural environment. We have been finding lots of bugs using our new bug hunting magnifiers and doing lots of digging and learning how to prepare a garden ready for planting. We also looked after some chicken eggs for the day and were so excited when one hatched!

We still have spaces for two- to five-year-olds and would love to welcome new children to our preschool. We're a good provider according to Ofsted. We are a small setting where children get lots of attention and plenty of opportunities to forge friendships and prepare for their journey to primary school. Please get in touch if you'd like to find out more about us. Government funding is available where applicable.

We would like to say a massive thank you to Claire Lakin and Chris Loveday for all their support recently. Chris has been busy painting the fence and sprucing up the outside area. Claire has been integral to the bags to school collection. She also arranged a Facebook and a tabletop sale and has so far raised £456 for the pre-school.

Our bags to school collection, in partnership with Landulph School PTA, was particularly successful this time. We estimated that we collected over 200 bags between us and raised £333 in total for 1,110kg of clothing etc! Thank you to each and every person who promoted, donated and supported our Bags to School collection. These fundraisers are vital to our sustainability.

We are always looking for support with the pre-school. If you have anything to offer at all, we'd love to hear from you. Could you help with

maintenance of the outside area? Could you organise an event to raise funds? Do you have skills to offer that would benefit the committee? If so, we would love to hear from you! Please send us an email at landulphunderfives@yahoo.co.uk or contact us on Facebook. Our AGM will now be on Friday 2 July. Instead of an American Breakfast as previously advertised, please come and join us for a glass of wine (or different drink if you prefer!) and some cheese/nibbles from 7.00pm and hear all about the past year of pre-school and our future plans. The wine and cheese is on us! We look forward to welcoming you to the Memorial Hall Annexe.

Landulph School

We are starting on the road to recovery now and are planning some events for the children later in the year.

Our children have been very busy and as always, there are a multitude of wonderful things going on in classrooms.

Class 1 have been learning about rainforests this term. They have also been exploring the artist Henri Rousseau.

Class 2 have created Mandalas linked to their topic about India. They decorated a paper plate with wax crayons, then painted it in black paint before using a skewer to scratch off their pattern. They have also been experimenting with carnations and

how quickly they suck up the water. There are pots of carnations in different coloured water around the school so they can see if different temperatures affect their results.

Class 3 have been learning about the solar system and have made polystyrene models. The models show how the planets orbit the sun. In history they have been

learning all about slavery and in art they have made their own clay model of Mount Rushmore.

Thank you to all those who supported Bags to School - an amazing £333 was raised between our PTA and the Preschool! Our PTA also held a Make the Rules Mufti Day which raised an amazing £133!

Cargreen Daffodil

The photograph is of a narcissus called *Cargreen* which I was pleased to grow for the first time this year. It is a late flowering daffodil and I've grown it in a pot but I'm sure it will grow well in the open garden. It had been bred in Northern Ireland but our own daffodil breeder Dan Du Plessis of Lower Marsh Farm was permitted to name and register it in 1993. Dan's descendants (the Scamp family) continue their interest in narcissi, and their bulb catalogue from Quality Daffodils makes interesting reading. It includes other local names (Lynher, Bishop of St Germans, Tamar Fire and

Cotehele), plus some historical varieties dating back to the 17th Century.

Usually, at this time of the year, the Newsletter carries a report of the Cargreen Garden Club Spring Show and pictures of prize-winning daffodils, so I've written this for the newsletter to keep going the daffodil tradition, and perhaps encourage interest in hybrids with local links.

Jo Butcher

Gardening Club

Today the sun is out and at last things are looking brighter for the club to come out of hibernation. I'm hoping we can have some talks in the Autumn and maybe meet up in the Summer. I've heard that there are a few new people in Landulph who are interested in gardening. If you would like to be on my email list, I could let you know about the club and any open local gardens and events. Contact is: jen@wayton.eclipse.co.uk or tel. 01752 846504.

One thing that looks very likely is the Cornwall Garden Society Summer Show planned for the weekend 16 to 18 July. It will be held at the Show Ground in Wadebridge.

Jen Hamblly

Evie Pearson writes:

Hi! My name is Evie Pearson and for the last eighteen months I have been fundraising for a trip to Malawi in July of this year.

Unfortunately, due to the high risk that Covid-19 still poses, I have recently been informed that this expedition has been cancelled.

However, an alternative opportunity for a similar trip to Tanzania has been offered for next year and I have decided to accept. I have been sent the itinerary and it looks incredible; including a trek with the Maasai tribe planting trees to help repair rainforests, a safari in the Ngorongoro Crater and a community-led project such as helping to run water lines. I hope to continue fundraising as before, and I want to thank everyone for all your support so far.

Could you serve your parish?

Landulph Parish Council needs two more Parish Councillors following the departure of Rose Cradick, Andrew Butcher and Martin Holmes. Libby Gawith filled the third vacancy during the recent election. Becoming a member of the Council puts you at the heart of Landulph life and gives you an opportunity to make a difference to your local community. It is also the gateway to a number of other organisations or working parties in which the Parish is represented including road safety, footpaths, playground, climate change and emergency planning.

The two prospective Councillors would become co-opted members of the Council. To qualify for co-option a prospective Councillor must satisfy one of the following criteria:

- Be registered as a local government elector for the parish
- Have occupied, in the last 12 months, as owner or tenant, land or premises in the Parish
- Have had their only or principal place of work in the Parish for the last year
- Have, during the whole of the last 12 months, resided within the Parish or within three miles of it.

The applicant must not be debarred from standing as a Councillor. Applicants will be invited to the Parish Council meeting on 21 June. Anyone interested in the role should get in touch (by 14 June) with the Parish Clerk, Katherine Williams, 6 Rashleigh Avenue, Saltash, PL12 4NS, tel: 01752 240541, email: clerk@landulph.org.uk

Sing and Smile

And why not? Celebrate freedom from viral tyranny by singing with friends! Come join Cargreen Village Choir for its first meeting this year at 7.30pm on Thursday 24 June at Cargreen Yacht Club (venue to be confirmed). Our young choirmaster, Andy Ferris, is particularly keen to welcome new members of all ages, especially sopranos and tenors, and promises an exciting mix of old and new pieces, while the old hands look forward to picking up the laughs where we left off. Fun is the aim and music is the game, so give us a try (two Covid vaccinations essential). For more info contact Chris Bowman 01752 841573, email christenebowman@hotmail.co.uk.

Morton Macleod

Landulph Celebrates

Phew! The end of lockdown is in sight and what we all need is a good party to celebrate. With this in mind a day of fun and laughter is being planned for **Saturday 10th July**. Landulph Celebrates is an event being held at Cargreen Yacht Club, from 1.30pm until late. Although this is being held at CYC it is very much a parish event being run by the parish for the parish.

The start of the day will have a summer fete type feel with water based activity for the kids later in the afternoon. There will be music by Cornish Jam, sea shanties by Barrett's Privateers in the evening followed by entertainment from local covers band Whiskey Falls until late. A children's entertainer will be provided, so while the kids are distracted parents will have a chance to view stalls provided by the Gardening Club, the Cancer Research Group, Landulph PTA and Pre-school, Treganarvor Cornish Coastal Jewellery, and Landulph Lively Ladies to name but a few.

CYC bar will be open all day; the Lively Ladies will be selling cakes, strawberry teas and Pimms; Four Elements Catering will be selling tacos, burgers, fries and other treats from their horse box.

The cost of this event is kindly being supported and subsidised by Landulph Memorial Hall, Cargreen Yacht Club, Landulph Parish Council and Landulph Festival Association so it is FREE to enter, though you will need to pay for the lovely food and drinks.

All parish clubs, organisations, crafters and businesses are invited so if you would like to have a stall for the afternoon or get involved in some other way please contact Jill Trew at jilltrew@yahoo.co.uk

The Gardening Club plan to make a celebratory display of bunches of garden flowers and foliage from as many households as possible and will also have plants for sale.

Cargreen Cancer Research Fundraising group will be running their 'Shop Local' stall and would welcome donations of homemade arts and crafts, preserves, plants etc.

Landulph Festival of Music and the Arts

October is Festival month! Keep the weekends free for the great range of events which are being planned. The full programme will be launched at the Landulph Celebrates fun day at the Yacht Club on 10 July.

Tamar Tide

Chip away the ice, and off we go.
Calmly up the river for an early morning row.
The frost starts easing, and the tide's on its way,
The sun's just appearing on this beautiful day.
The dogs have both settled, and watching what goes by,
Some curlews on the wing with their lonely, mournful cry.
Shelduck in pairs, searching through the mud,
And cows on the higher ground, gently chew the cud.
Two deer pop their heads up, scanning for disaster:
There's a heron dressed in grey like an old school master.
The deer keep in time with us, through the deep goose grass,
Then shoot on up the oaken bank, just as we pass.
Twenty little egrets on an old dead tree,
Gather in the sun light, a splendid sight to see.
Geese heads, like periscopes, look from left to right,
Then make the most horrendous noise in their flappy parting flight.
A buzzard soars above us, calling sweet and clear.
Nothing seems to worry, nothing much to fear,
Just the mallard a-squabbling, as a cormorant leaves to dive
To catch a fish and swallow it – whole and alive.
Boats on their moorings just begin to turn.
Seagulls balance on the buoys, gliding to our stern.
Row gently now homeward, as the day comes open wide.
We're just so happy and delighted; to take this Tamar tide.

Poem and artwork by *Liz Dunn*

Shop Local

Paintings, willow work, knitting, jams, marmalade, macrame, cakes and plants will be some of the items for sale at the Pop up Shop. All have been made by people living in the parish, to help raise funds for Cancer Research UK. Any further donations of produce homemade in the parish are welcome.

Some of the younger fundraisers have also been at work. Mylee and Tia made some little Easter eggs to sell to family and have done some chores at home to make some money for CRUK. They have made £11.08. Well done and thank you to Mylee and Tia.

Gaye Braund

Landulph Parish Climate Action Group

Saving water is not just good for the environment - it can save you money! Even though water doesn't appear in short supply in the UK, using less water actually means you are saving energy as treating the water that comes out of our taps is a very energy intensive process.

A running tap uses between 6 to 9 litres of water a minute

Water Saving Tips:

- Fill a jug with water & keep it in the fridge
- Turn off the tap when cleaning your teeth
- Install water saving shower heads or flow restrictors
- Take a shower of 5 minutes or less and turn the water off when soaping
- Install a water saving toilet flush system - readily available
- Only run the dishwasher when its fully loaded & avoid rinsing dirty dishes
- Don't leave the tap running when you clean or peel vegetables
- Use a multi-level steamer to cook vegetables
- Fix a dripping tap - a dripping tap can waste 15 litres per day or 5,500 litres of water a year!
- Install an instant water heater near your kitchen sink so you don't have to run off the water waiting for it to heat up (saves on energy costs too)
- Mulch your plants, and only water in early morning or early evening to reduce evaporation.
- Monitor your water bill - check for leakage inside & outside of property if your usage is higher than normal

Use a Water Butt

Water is expensive and while we are blessed with lot of it, it makes sense to capture the water we do have to use in periods of dry weather. Water butts are ideal as they capture water directly from your roof. According to Waterwise an amazing 85,000 litres of rain falls

Higher Chapel Farm Bed & Breakfast St. Dominick Nr. Halton Quay,

A family run dairy farm set within the Tamar Valley,

Close to moors, coast and towns

Comfortable en-suite room and private room

Home Cooked Breakfast

Private Lounge

Families welcome

e-mail: smjwg@tiscali.co.uk

on your roof every year... and it's free!! Anything from mini rain saver kits, to old plastic drums to purpose made water butts will save water and money!

Memories of another lock-down

20 years ago, as part of a project, I started a Parish nature diary. Things were the complete opposite to the present Covid 19 times. From February until June the countryside was out of bounds to walkers due to rampant Foot and Mouth disease. I continued the notes from June to the end of the year when I put the diary away and forgot about it – until, 20 years later Marcia Pirie found a copy in her files and felt that it deserved a wider readership and that now was the time. As the year rolls on we will be interested to see how the detail of Landulph's landscape has fared since 2001.

June 12th Country walking now permitted on roadways but not foot-paths...Red bartsia, roses and masses of honeysuckle scenting Tinnel Hill this morning. The character of Hays Marsh is altering since the sluice has been repaired. The tide no longer gets in, so the marsh is drying out.

June 22nd Elderflower, scabious, knapweed, yarrow and meadow vetchling (yellow). Some butterflies and several oak egg moth caterpillars – quite large, banded orange and black.

June 24th Various people out in the Tinnel area this Sunday. A pair of semi-tame swans at Salter Mill have brought four cygnets back from their nesting site at Neil Craddock's ponds. Saw musk mallow and oxeye daisy.

June 26th Hot today but overcast by 11a.m. Tide very high but not going in much at Hays Marsh. This may change the vegetation – I'm curious to see what will seed on the bare dry mudbanks. Many different grasses going to seed and sedges on the marshes. Much interest in prairie style gardening

just now. Grasses are selling for £3 - £4 but nature has a lot to offer in the wild. Meadowsweet and wild onion in flower. Cuckoo-pints going yellow. Large parsley-like weed near Tinnel – hope it's not giant hogweed which is poisonous and invasive.

July 7th A period of wet weather has dampened down the pollens. Masses of bramble flowers, St John's wort and naughty ragwort. Also hedge bindweed (large white flower) and field bindweed (pink and white bands, smaller)

July 8th First day of feeling free to walk after Foot and Mouth. A vet (*Sue Hassan*) has just moved into the village and has said that all footpaths are now open.

July 9th Another wet day. Thistles now much in evidence – creeping thistle, slender thistle and marsh thistle.

July 12th Black Briony with slender, heart-shaped glossy leaves. (yam family) White briony has more ivy-shaped leaves.

July 18th Tried footpath to Sergeant's Orchard, but had to turn back because of cattle and squashable crops. Noticed great mullein (the grey furry variety with yellow flowers)

July 19th A pleasant dogwalk to Landulph Marsh and round to the point. The marsh is at its best with tall drifts of wild flowers, meadow-sweet, rosebay willowherb, great willowherb, slender and marsh thistle, orange hawkweed and sowthistle (yellow, like a very tall dandelion). Many butterflies.

July 27th A very hot day . Down to Landulph marsh where purple-stemmed angelica, common fleabane and marsh samphire were in flower. Peacock butterflies feeding on creeping thistle. Round to the point, the water limp in the heat. Dogs enjoyed many plunges. Sedge's fur, messed up again, from drinking in the little stream alongside the graveyard where his namesake grows (pendulous sedge)

Jen Hambly

Farewell, and Hello

After 15 years of hard work and dedication to the newsletter Sylvia Bedbrook will be stepping down from the committee. We will all miss her enthusiastic contributions to its production and distribution. In her place, we welcome Gwenda Keene who will take over Sylvia's role as secretary.

LET ME WRITE YOUR WILL FOR YOU

I am a retired solicitor
so you know it will be done
properly

I always come to your home
so you feel more confident

**Couples can protect their home
from residential fees**

Let me tell you how

I also cover
Powers of Attorney - Living wills
Inheritance tax planning

My prices are reasonable
and there's no vat!

Charity recycling

The 'Recycling for Charity' trailer will be visiting the St Dominic Community Shop on 7 June and 6 July between 2.30 and 3.20pm. The trailer collects many of the things the Council can't take and recycles them to raise money for charity. Among the hard-to-dispose-of items it collects are:

Medicine blister packs, bread bags, crisp packets, biscuit, cake and sweet wrappers

Toothbrushes and toothpaste tubes, soft tubes, cream and ointment pots, trigger sprays, hand pumps, roll-on deoderants, latex-style gloves, cleaning wipes, air fresheners

Used pens, felt tips and ink cartridges, mobile phones and cases, cameras etc.

A full list of recyclable items can be found at www.south-hill.co.uk/charity-recycling. The trailer also visits Callington, Saltash and Liskeard.

Lorraine Rogers

On behalf of Cargreen Cancer Research Fundraising Committee I would like to express our sadness on the recent death of Lorraine Rogers. Lorraine was a long-standing member of our committee and her powers of persuasion to part people from their money for items they didn't realise they needed at our coffee mornings will be sorely missed. Lorraine was a member of our committee for 13 years and our Secretary for 8 years. Our condolences to Ivor and his family.

Life Saving Automatic Defibrillators

There are two defibrillators located within our parish, both for public use in an emergency.

1. Landulph Memorial Hall in Fore Street
2. Cargreen Yacht Club, Coombe Lane.

Landulph Memorial Hall defibrillator:

Located adjacent to front doors

To use you are required to input the code 1111 to unlock, and press the green 'tick' button to open for access.

Cargreen Yacht Club defibrillator

Located on the front wall of the building before you reach the front doors.

This unit is left unlocked, and so no unlock code is required.

Please remember in the event that you may need to use one of the above units, that in a cardiac arrest situation: **continuous CPR is essential while someone else goes to obtain the defibrillator.**

Next edition copy date is 15 July 2021. Inclusion of any material after this date will be subject to space available.
