Your guide to what's happening in the area
Issue no. 97 Feb/March 2022

Photo by Holly Cummings

Parish Council December

Four councillors, no Clerk, two members of the public...spacing definitely greater than 2m!

Councillors Worth and Braund declared interests in the only planning item on the agenda. In order to remain quorate, Councillor Worth remained but Councillor Braund was sent out into the night. The item was a revision to the new houses at the top of Coombe Drive, retaining the chimneys, using natural slate for the roofs and changing the weatherboarding and door colour to anthracite grey. The Council had no objections. Councillor Gawith asked about drainage permissions as site work had already started and this was a Reserved Matter. Councillor Worth would investigate further. Work had been done on the precept proposals, but it was agreed to delay any further decisions to the January meeting to allow further analysis. The important issues raised in the inspection of the Recreation Ground had been resolved. Children were again using the area, there were no dogs in the protected part and even cars were now parked properly! The remaining items on the report would be reviewed and a priority listing and plan of action created.

The Footpaths Officer reported that a handrail had been installed on the steps on the quayside, and the life ring and dog bin both moved. The life ring would be relocated and mounted on a post in due course.

The Climate Action Group had arranged their first public talk for 7 February. This would involve three speakers and would be all or in part on Zoom. The location of the Queen's Platinum Jubilee tree had been discussed with South West Water, and their concern for their five supply pipes at the crossroads meant the tree would need to be moved further away from the memorial. The proposed site was now nearer to Prince Charles' tree, and was marked by a stake which can be seen through the gate. A plaque was included with the tree, and the Council would ask the school to get involved in the planting.

The Chair asked Mr Plume to report on refurbishment of the village pump. The metalwork of the pump needs cleaning, a mounting spike is needed, and the woodwork is damaged. The options are to recover as much of the original woodwork as possible or to replace it with new timber to the same pattern. The council felt that recovering original components was desirable, and Mr Plume agreed to investigate further.

Finally, the Chair reported that he had received two letters about the increase in earth-moving traffic from the site of the new houses at the top of Coombe Drive. Lorries were reported as driving fast and cutting corners, and at least one car had been damaged. The Chair had met the Site Manager, who was unaware of the accident. However, Councillor Worth was heartened by the response, not only by the Site Manager but of all staff on site. The Site Manager would take the matter up with the lorry sub-contractor but advised that most spoil had now gone. Traffic in the

New Year would be mostly timber deliveries. Councillor Worth told the Site Manager that we would be asking for the Council's speed-watch equipment. Unfortunately this cannot be supplied at short notice. However, any irresponsible driving caught on parishioners' dashboard cameras is still relevant, and can be used by the police as evidence.

Parish Council Meeting, 24th January 2022

Planning: The owners of Southwark on Fore Street applied to replace rotting French windows at the back of the house. Unanimously approved. The status of drainage for the 9 new houses on Coombe Drive was questioned. No planning application for drains has yet been made. The houses cannot be inhabited until drainage is complete.

Grants: Landulph Under-Fives Preschool has applied for a grant of £3000. Covid prevented fundraising over the last 2 years, and the Preschool isn't able to function within its essential educational rules much longer.

Councillors emphasised that the Preschool was excellent, and was a fundamental part of the parish's success. It would be wrong to withdraw support, and the grant was approved. However, the council agreed that this support could not be repeated annually, and the Preschool needed to be self-supporting. The Preschool has new measures and fund-raising events in hand, but the Chair took an action to investigate potential funding avenues from Cornwall Council. It was also agreed to hold a workshop for all interested parties and sponsors to plan a way ahead.

Footpaths: Paradise Lane was still flooding, but there appear to be no rules about puddles in footpath maintenance. Walkers were crossing hedges to avoid the water, and it was agreed that an informal talk with the relevant landowner was needed.

Climate Action Group; CAG are holding a live/virtual talk on Monday 7 February, entitled 'Our Future in the Tamar Valley'. Details are on line. All are welcome - register now!

Precept: After a lot of work by the Clerk and councillors, the precept proposal was submitted. The Chair noted that funding from the solar farm had been exhausted, and the council is creating reserves for the eventual replacement of the recreation playground. The proposed budget was around £27,000, giving a Council Tax increase for a Band D property of £5.68, (5.76%). (Note; the average parish council increase across Cornwall is around 9%). The proposal was adopted amidst jubilation from councillors.

Hedges: The quality of hedge cutting varied, but the timing was not always ideal. The Chair reported that the County Council's Highways Division had now acknowledged that improvements to the narrows stretch on Highdown were necessary. Discussion with the landowners could now take place. Watch this space!

Fibre Broadband: Openreach had completed about 62 of the 260 premises in Landulph. The remainder should be finished by end February.

Peter Plume

Landulph Stay and Play

Thursday mornings are full of activity at Landulph Memorial Hall 9.45am to 11.30am when babies and toddlers from 0-5 years enjoy the variety of toys, indoor and outdoor activities.

Talks for the parents and carers this half term include relaxation for pregnancy and new parenthood with Hilltop Hypnotherapy, food with The Functional Foodie and self-care and a simple facial massage to revitalise with Tropic Skincare ambassador, Carly Fordy. .

There are spaces available so please come along. All welcome. No need to book and you'll be given a warm welcome and a hot cup of tea! More information on our Facebook page @landulphstayandplay

Landulph Under5s

The children were welcomed back on 5th January after the Christmas break and we loved hearing all their stories about the festive period.

The topic for this half term is Transport and we are looking forward to learning all about the different types of vehicles and what they do.

Fund raising While the children and staff are busy travelling and learning about the world, the committee are planning the next fundraising activities after our busy Christmas. Thank you to everyone who came to see Santa, bought a calendar, supported us at the Christmas Craft Fair and for all the community donations received so far. Your

support is very much appreciated and is vital to keep the preschool going. We raised £600 at Santa, £300 from the Christmas raffle (partnership with PTA) and £350 from the Christmas craft fair (PTA received the other half). We are still selling calendars so if you would like one, please get in touch. They really are beautiful and showcase the area we live in. They have been sent as far as America and Australia so far!

Dates for your diary for upcoming events Band Night at Landulph Memorial Hall returns on Friday 18 March. Come and celebrate St Patrick's day with us in style as The MorZim returns after their head-lining performance last summer at the Sailing Club. Food and fully stocked bar will be available. Tickets will be on sale via our Facebook Page (see below) or you can contact Cat on 07974199386. Our Easter Egg hunt returns after a two-year Covid break on Saturday 16 April. All are welcome and there will be something for everyone. Our pop-up café with homemade cakes will be returning too, so come and join us for afternoon tea and enjoy the gorgeous views of the river. The community appeal, launched by delivering Christmas cards to houses in the parish, showed what a kind and wonderful place Landulph is, and huge thanks are given to those who so generously supported and donated to the Under5 funds for 2022. Donations are welcome anytime. Fundraising is a large part of having an asset such as preschool in the village as government funding is not enough to cover the costs. We thank each and every one of you for your support in whatever way that is. If you want to find out more about us or any of the events above please visit www.landulphunderfives.co.uk or email info@landulphunderfives.co.uk.

Landulph School

Well it has been another busy start to the year here at Landulph with things continuing to move at pace. The children are certainly very busy in class with lots of good learning opportunities as they explore their new topics.

- Class 1 – Forests and Woodlands,
- Class 2 – The Enchanted Forest and
- Class 3 – The Egyptians.

One of the highlights of the new term has got to be the First Aid day that we had. Every class spent part of their day learning key skills such as the recovery position, basic first aid skills and what to do in an emergency. Mr Dollard was so impressed with how well our children engaged in the sessions .

Our Cross-Country team have taken part in another race, this time at Cotehele! The was sun shining, the floor was slippery and the children threw themselves into the first race of the new year. It was a bit of a shock to the system after a month of mince pies, chocolate and excesses but we are proud of their grit and determination which saw them all through a great race .

On 4 February we will be raising money for the NSPCC by taking part in Number Day. Look out for us all coming to school dressed as anything linked to a number. I can't wait to see the children's fantastic ideas. We are hoping to come and explore the village too, more details to follow.

Karen Ball, Headteacher

The Christmas Parish Walk

The 2021 Christmas Parish walk was happily resumed, and conducted from the Parish Hall, after having one year off due to Covid. About 50 people, including children plus dogs turned up to walk the Parish paths all in good spirit, and with reasonable winter weather. The popular middle walk gave the option of crossing a pond blocking the upper reaches of Paradise Lane or taking the alternative route via adjacent farm land. adjacent hedgerow on the farm side.

‘388 ways to the 388’; Mornington Crescent for Cornish Lanes.

Any driver in Landulph must know the etiquette for passing on our narrow lanes. What you may not know is that the Radio 4 quiz show *I’m Sorry I Haven’t a Clue* developed a set of rules to allow you to play a version of their game ‘Mornington Crescent’, optimised for our narrow Cornish lanes and called ‘388 ways to the 388’.

Anyone can play. The object is to reach the A388 via narrow lanes which contain hazards – single lane sections, schools and other vehicles. The rules are simple, as explained below;

- If two cars meet on a narrow section, then the one closest to a passing place must reverse. The advancing car must give a wave of thanks.
- If a single car meets more than one car on a narrow section, then the single car must reverse. *St Mellion’s Amendment*; this rule is void if you are towing a trailer or can call a friend up quickly to balance the numbers.
- If more than one car meets more than one car in a narrow section, then the lead car in each group must assess the determination of the opposite lead car and then invoke the Evolutionary Stratagem (ie fight or flight).
- If a car meets a van or lorry, then Rule 1 applies unless the on-

coming driver is DPD/Hermes/similar. St Dilph's 2nd Amendment then applies, forcing play along the Elbridge axis and requiring the driver to sacrifice their advantage in order to unhinge the oncoming driver's laterals.

- Tractors towing slurry trailers operate under the Rising Sun Convention and trump any on-coming traffic.
- If a male driver meets a female driver in a narrow section, the Gender-Neutral Protocol is invoked. Generally any self-declared female driver has right of way.
- Drivers on the school run must comply with the Head Teachers' Criterion. The Homework Defence is allowable during forward triangulation, but back doubling can only be attempted on a Thursday. (The difficulty here, of course is the identification of a 'school-runner'. This should only be attempted by trained drivers).
- Drivers using bright headlights at night are deemed to be 'in flagrante'. They will be sent to the naughty step.
- Long narrow sections are subject to the 'Narrows Gambit'. Drivers approaching long narrows must slow to see if the section is already occupied and react as follows;
 - Occupied by a driver going the same way; approaching driver may proceed with the approval of drivers waiting to enter the section from the opposite direction (indicated by a single headlight flash).
 - Occupied by a driver going the opposite way; a risk analysis must be performed. If the oncoming car is bigger than yours (includes cars with trailers, lorries etc), the gambit is deemed 'risky' and should not be attempted. If the oncoming vehicle is smaller, the gambit may be attempted but the oncoming driver may declare 'huff', forcing the driver to make a positional justification and reversing the order of play.
 - A driver who overtakes a stationary vehicle which is waiting for an oncoming vehicle to clear the narrows is subject to Spooner's Dictum. (Spooner you may recall is the famous Oxford don and vicar who swapped the first letters of words, getting his turds in a wangle). The overtaking driver is thus termed a 'hick-dead' and is automatically disqualified.
- With the Tamar so close, drivers who are 'competent crew' are allowed to invoke the River Doctrine. First developed by French sailors captured during the Napoleonic Wars, drivers must invoke the Spaniards' Convention by declaring a broadside. This reverses the order of play and requires a tack to starboard. The player is then blocked, termed to be in 'Poop', and misses a turn.
- Any rule may be nullified under Section 1d, 10T Regulations if the driver giving way proves to be incompetent and hits the verge.

I hope that is all clear. The winner is, of course, the one who reaches the A388 first. He/she will be awarded points... and we all know what points mean, don't we?

Peter Plume

and now seriously folks

THE NEW HIGHWAY CODE 2022

There are now new guidelines for overtaking pedestrians, cyclists and horses. The Highway Code advises motorists to:

- Leave a minimum distance of 1.5m at speeds under 30mph; 2m if over 30mph
- Always leave a distance of at least 2m if driving a large vehicle;
- Pass horses at speeds under 15mph, minimum distance 2 m
- Allow 2m distance when passing a pedestrian
- Wait behind the motorcyclist, cyclist, horse rider, horse drawn vehicle or pedestrian and not overtake if it is unsafe or not possible to meet these clearances.

The Birds of Spring are on the Wing

Driving past Stockadon Barns recently, I have been surprised to see large flocks of finches. It seems I wasn't the only one as an RSPB photographer came out last week to photograph a rare flock of over a thousand birds, gathered to feast on the seed heads in the fields. They were predominantly chaffinches but also contained brambling and linnet. Along this stretch of road, I often see black caps, stone chats, green finch, the occasional bullfinch and I regularly follow a sparrow hawk flying at hedge height at 30mph. True confirmation that those hedgerows offer rich pickings.

This is particularly good news as since 2005 finch numbers, particularly green finches, had dropped dramatically due to a disease called Trichomonas. This leads to a painful gullet and regurgitation of contaminated food which is then eaten by other birds. The disease affects many different species of garden birds, but not people or pet dogs and cats.

If you see diseased birds you should consider temporarily removing your feeders in order to stop an outbreak. Bird feeders should be cleaned at least once a week in something like household bleach and should be regularly moved around the garden so there is less contamination around the feeder.

Sue Hassan

The UK is currently in the midst of the worst outbreak of Avian Influenza or bird flu we have ever known. Since 3 Nov 2021 it has been a legal requirement for all birds to be kept indoors. Bird flu occasionally affects people. It is a notifiable disease so if you find dead wild waterfowl, gulls or birds of prey you should report them to the Defra helpline on 03459 335577. DO NOT TOUCH OR PICK UP DEAD OR SICK BIRDS.

Landulph Parish Climate Action Group

Winter Talks

Following on from what you told us was important in last summer's Landulph Parish Climate Action Group questionnaire, we have organised two free events to help us understand the practical implications of climate change on our lives in Landulph. Each talk will be at the **Landulph Memorial Hall from 18:30 – 20:30** with wine and hot drinks available for a donation (regulations permitting).

The sessions will also be **streamed live on Zoom**. Please **register your interest now** in both sessions and we will send you more information.

Monday 7 February: Our Future in the Tamar Valley

We have speakers lined up to tell us about the changes we can expect in the next few years and the opportunities for our community to participate. There will be three topics but plenty of time for the audience (both live and virtual) to ask questions and put forward their views:

Sammy Fraser & Gary Lewis from the **Tamara Landscape Partnership** will explain about the 10 projects in this huge 5 year scheme and how we can get involved.

Frank Newell & Andy Rogers from the **Environment Agency** will talk about flooding and flood prevention in the Tamar valley.

Lydia Deacon of the **Westcountry Rivers Trust** will discuss Tamar river quality and how we can help to monitor it.

Monday 7 March: Saving Energy

This session is still being planned but already we have Councillor Martyn Alvey lined up to give a talk about Cornwall Council's responses to climate change with specific relevance to Landulph. We also hope to have speakers on two areas which use a lot of energy: heating and transport. Look out for posters, on Landulph Innit and on our Landulph webpage for more information or **register your interest now** and get an email with details.

SCAN ME

To register for the talks please follow the link on our webpage (www.landulph.org.uk/climateaction.php), use the QR code or call Clare on 07866 680971.

Landulph Parish Climate Action Group

The Queen's 70th Jubilee

Most people will be aware that the late May bank holiday will not be on a Monday this year. Instead, we will have Thursday and Friday 2 and 3 June to celebrate the Queen's 70th Jubilee. So, save the dates as parties and festivities are being planned by various committees around the parish which aim to offer something for everyone. Dates and venues will be confirmed in the next newsletter.

If any parishioners have been lucky enough to meet HRH or have any amusing tales relating to her, we would love to hear them. Please let us know about your encounters as we hope to include some local stories in upcoming editions.

Sue Hassan

Christmas Craft & Gift Fayre

The Landulph Christmas Craft & Gift Fayre held in the Landulph Memorial Hall on 20 November 2021 was a huge success.

Lots of visitors enjoyed a catch up with friends over festive refreshments and homemade cakes provided by the PTA and pre-school. Their profits for the event from the sale of refreshments, donations from the 14 crafting stall- holders, Cancer Research UK and the Landulph Climate Action Group was an amazing £700!

We hope the event can be held again in 2022 - watch this space!

Pamela Austin-Roberts & Cat Packer

Good Companions

At the meeting of Landulph Good Companions held on 18 January, those attending unanimously agreed that the Club should continue to operate.

An Extraordinary General Meeting is planned for 15 February at 2.30 pm at Landulph Memorial Hall. New Members will always be made welcome, so do join us, enjoy the company and share new ideas.

Local Christmas Cards – Amount raised

I know I said this last year, but Cargreen's generosity really has surpassed itself. We have raised the handsome sum of £550!

The Salvation Army was over the moon with such a generous amount and you can see the village noticeboards for a Certificate of Appreciation from them, which is due any day.

The table below shows the people who have contributed:

Mike & Shirley Kitney	Gaye & Martin Braund	Angela Hume
Andrew & Jo Butcher	Steve & Marilyn Dennis	Morton Macleod
Elizabeth Hawken	Valerie Taplin & David Ward	Anne Moxley
Christene Bowman	Allen Pack & Cornelius	Annemarie Nathan
Sylvia Bedbrook	O'Connor	Cindy Zimmer
Richard & Debbie Allan	Glen & Margaret Honey	Ingrid & Steve Bailey

Thank you so much to everyone who contributed. *Sylvia Bedbrook*

Carols on the Quay

In spite of all the Covid restriction, Cargreen Choir overcame them to perform what is now becoming a regular event - Carol Singing on the Quayside, with the kind co operation of our friends at Slipway Quay.

We raised a spontaneous collection of £100 in aid of the Salvation Army. Thank you once again to Cargreen's generosity. The Salvation Army was over the moon with such a generous amount and a Certificate of Appreciation will soon be on the Village noticeboards.
Sylvia Bedbrook

From Pentillie Castle

Thank you to all those who supported our annual Carols in the Courtyard in December. It was a fantastic evening with a record-breaking attendance and a total of £538.30 raised for the Plymouth Together Fund .

Landulph Church Donations of Foreign Cash

The PCC wishes to thank all of you who kindly donated foreign cash to the Church. It proved to be a very worthwhile exercise as it raised a total of £374 for much needed church funds. It is now becoming more difficult to convert monies into sterling, so it has been decided to close down this scheme.

Thanks Again,

Jackie Leverton (Church Warden and Hon Treasurer)

The Telephone Box Book Exchange

Thanks to Stewart Philips, the telephone box/book exchange is splendidly painted, clean and attractive. Only good condition paperbacks are welcome, so dog-eared disgraces should be put out with the paper recycling.

Please note that large hardbacks, annuals, special interest titles (eg gardening/cookery/ UKIP manifestos) are not required. Jane McRill regularly winnows the contents, taking the best to St Barnardo's charity shop where they are sold to raise funds, and the others go to recycling. To refresh the stock, if you have any books that need a new home, preferably paper backs and children's books, can you give her a ring on 01752 844284 and arrange to leave them with her. This includes ill-chosen Xmas gifts.

Landulph Film Club

A consultation was held in December about reconvening the Film Club in the new year. The clear consensus was that this should not happen in the present situation but hopefully look to coming together in September.

John Hall

Landulph Memorial Hall 100 Club

Thank you for your support over the last 12 months. We had 106 members in total.

We hope you will continue to support us this year and fees of £12 are now due. Please either drop them in to Sue Wright at 1 Coombe Lane, Cargreen or phone me on 01752 847533 and I will arrange to collect from you.

If you prefer you can pay by BACS. Please contact the Hall's Treasurer Gaye Braund on 01752 847774

Life Saving Automatic Defibrillators

There are two defibrillators located within our parish, both for public use in an emergency.

1. Landulph Memorial Hall in Fore Street
2. Cargreen Yacht Club, Coombe Lane.

Landulph Memorial Hall defibrillator:

Located adjacent to front doors

To use you are required to input the code 1111 to unlock, and press the green 'tick' button to open for access.

Cargreen Yacht Club defibrillator

Located on the front wall of the building before you reach the front doors.

This unit is left unlocked, and so no unlock code is required.

Please remember in the event that you may need to use one of the above units, that in a cardiac arrest situation: **continuous CPR is essential while someone else goes to obtain the defibrillator.**

Next edition copy date is 15 March 2022. Inclusion of any material after this date will be subject to space available.
